

POLSOLID

the Group of Polish Manufacturers - concentrates its activity on production of goods and buildings with wood.

Our mission is to promote the Economy of Poland worldwide, especially on the territory of European Union.

The diversification of our offer ensures to our customers possibility of choice, and to us it guarantees the effective use of available resources while maintaining a competitive price level for a wide range of wooden products, which are:

- ▭ roofing (shingles) and roof elevations,
- ▭ houses (cottages, economic houses, year-round houses),
- ▭ playgrounds for children (houses, swings, slides, etc.),
- ▭ saunas,
- ▭ gazebos and sheds,
- ▭ garden furniture,
- ▭ other (e.g. individual agroturistic projects).

To meet with our Customers' expectations we also offer following types of service:

- ▭ building engineering,
- ▭ objects assembly including electric installations,
- ▭ technical consulting,
- ▭ maintenance and reworking,
- ▭ international transport.

POLSOLID is the guarantee of reliability, professionalism and customer satisfaction.
